

THE 2014 ZAAGKII PROJECT

A Native Plants & Pollinator
Protection Project

NON-NATIVE INVASIVE PLANTS WORKSHOP

Sponsored by Cedar Tree Institute in Partnership with The U.S. Forest Service
Keweenaw Bay Indian Community and invited representatives of
Bay Mills Indian Community and the Sault Ste Marie Band of Chippewa Indians

Host: Keweenaw Bay Indian Community
Workshop site: KBIC Ojibwa Community College
111 Beartown Rd, Baraga Michigan

June 2-3, 2014
Monday 10 A.M. – 4:30 P.M.
Tuesday 9 A.M. – 3:00 P.M.

This workshop will focus on increasing numbers of non-native invasive plants (NNIP) of Northern Michigan and Northwest Wisconsin that are radically transforming our region's natural ecosystem. Strategies will be explored for controlling and limiting their impact.

There will be field-work, lab instruction, presentations, and discussions. Forty to fifty species will be identified. The workshop will open with a blessing from tribal elders and close with a traditional talking circle.

The workshop is designed for 15 participants
(2 representatives from the Bay Mills Indian Community
2 from the Sault Ste Marie Band of Chippewa Indians
& 10 KBIC tribal members)

Lodging, if requested, will be provided for two nights,
June 1 and 2nd (Ojibwa Casino Hotel)
Breakfast, lunch and dinner are included on Monday,
breakfast and lunch on Tuesday.

GUEST PRESENTERS AND FACILITATORS INCLUDE:

Jan Schultz, Chief Botanist for the Eastern Region of the U.S. Forest Service and
Evelyn Ravindran, KBIC Natural Resources Department, KBIC tribal elders,
Jon Magnuson, the Cedar Tree Institute & Tom Biron, Sault Ste Marie Band of Chippewa Indians
